

FOOD

TEA + OTHER DRINKS

We serve simple, honest food that nourishes. Our menu is rooted in seasonal produce, with dishes that are classic in spirit yet contemporary in form.

We choose our ingredients with intention, favouring organic whenever possible, and sourcing from producers and craftspeople whose practices we admire. In the kitchen, we intervene lightly to preserve the integrity of their pure flavours.

Every detail matters to us, from the ingredients we source to the way we prepare and serve them, ensuring food, pastries, tea, and coffee are treated with equal care and attention.

At Oficina, we believe in the Qi of tea, the energy that flows from the plant into the body, offering presence, calm and vitality.

Guided by seasonality, craftsmanship, and respect for producers, our selection evolves with the harvests, and includes aged teas that reveal the character of time. We look for leaves that are alive and expressive, sourcing teas that were organically cultivated, wild-grown, or harvested from ancient trees. We work directly with farms we've visited ourselves or growers who have full traceability.

NOTE

We serve our loose-leaf tea in two styles:
Cup (225ml), for 1
Pot (450ml), for 2

Our other drinks follow the same philosophy. From coffee to natural wines to spirits for our cocktails, we choose to work with producers who share our dedication to thoughtful cultivation and authentic craft.

PET NAT TEA

Ama Brewery began as a guerrilla group of friends brewing new-wave, aged kombuchas in a garage in San Sebastian, and has since grown into a full R&D operation. Each tea is carefully fermented with a SCOBY—the symbiotic culture of bacteria and yeast that transforms infusions into elegant, lightly sparkling beverages. Ama uses high-quality teas and herbs sourced from The Rare Tea Company, chosen for their rich complexity and expression of terroir from Japan, China, India, Sri Lanka, Africa, and foraged Basque plants.

Crucial to the process is the pure Basque mountain water, filtered over 27 years through the spike-hilled limestone of Izarraitz Mountain, producing exceptionally soft water that lets the teas and herbs fully reveal their flavours. Micro-batches are brewed, bottled, and aged for at least six months, developing a silky mouthfeel, harmonised aromas, and a distinct character in every infusion.

COFFEE

The beans we use to make our coffee are roasted by La Cabra, a modern roastery from Aarhus, Denmark. Since 2012, they've been selecting outstanding coffees and roasting them with care to bring out each one's natural character.

Rather than roast separately for espresso or filter, they aim for a clear and honest expression of the bean—highlighting where it's from and how it was grown. The result is a clean, bright cup that tells the story of its origin, season, and the people behind it.
